

# TOUGH IN EVERY ENVIRONMENT... BUT NOT ON YOUR BUDGET.

Cutting-edge technology just got more affordable.

## UTILITIES

**Want the latest rugged tech, entirely personalised to your utilities business? With no large upfront costs?**

TOUGHBOOK-as-a-Service is an OPEX finance solution from Panasonic TOUGHBOOK. Include the latest TOUGHBOOK devices, accessories and services to provide you with superior reliability, seamless flexibility and uncompromising performance at an affordable cost.

To survive the daily difficulties faced out in the field, your workers need to be sure they have the toughest technology and the most powerful performance at their fingertips. From optimised connectivity, superior screen visibility, productivity enhancing vehicle docks and mobility solutions, TOUGHBOOK devices and accessories continue drive efficiency in the utilities sector.

**TOUGHBOOK**

Let's explore in a little more detail...

With 0% finance\* you pay the same as a cash purchase but with the benefit of spreading your payments over 3 years.

Wrap other services, accessories and software into your package too.

No more outdated tech which means no more unexpected maintenance and downtime costs.

Every contract is flexible and can be tailored to your business requirements.

Low monthly payments make having the latest tech more affordable and it's better for your balance sheet.

The hassle-free end of life service means we take care of collection, secure wiping and disposal as required.
